

## Preschool Information

Our pre-school program includes experiences for pre-k skills, social & physical growth and educational field trips. It is our goal to insure the children are learning in a warm and supportive environment, discover their world and develop trust and security. That makes for confident, successful kids today, and contributing, engaged adults tomorrow.

### SWIMMING

The YMCA values the importance of learning to swim and offers only the Super Star classes one swim session 1 day a week at no extra charge. The lesson time conveniently coordinates with classroom time from 11:45-12:15. Authorized pick up people are responsible for getting their child to swimming and the classroom.

### GYM & EXERCISE

All classes will have scheduled gym time and use of our playground to provide kids the chance to exert energy & learn new skills!
