

Our pre-school program includes experiences for pre-k skills, social & physical growth and educational field trips. It is our goal to insure the children are learning in a warm and supportive environment, discover their world and develop trust and security. That makes for confident, successful kids today, and contributing, engaged adults tomorrow.

SWIMMING

The YMCA values the importance of learning to swim and offers only the Super Star classes 1 swim session 1 day a week at no extra charge. The lesson time conveniently coordinates with classroom time from 11:45-12:15. Authorized pick up people are responsible for getting their child to swimming and the classroom.

GYM & EXERCISE

All classes will have scheduled gym time and use of our playground to provide kids the chance to exert energy & learn new skills!
